

The Grail

A Hero's Quest to the Self

AUSTIN TEXAS • SEPTEMBER 29TH - OCTOBER 1ST, 2017

An Extraordinary Three Day Journey Open To Only 14 Men

At The Grail, you are given the opportunity to meet your true self. This is not 'therapy' or fixing what is 'wrong'. This is a powerful and intense exploration into the truth of who you are. In this weekend you are aided in showing your authentic self and allowing it to take you back to what it is you want most out of your one and only life. This is not a journey for the faint hearted.

The Grail is facilitated by three women. These three women hold a space where it is encouraged that you leave logic and move towards emotion.

**When is the last time you really allowed yourself to feel?
And be completely supported while doing it?**

“The Grail was the making of me as a man. The challenge was daunting but the environment was inclusive and honest, and I felt safe and held enough to finally surrender. With gratitude to my brothers, I have started the journey of my life.”

- Howard, Accountant
