# The Gift

A Woman's Rite to HerSelf

How amazing would it be to sit in the safety and sacredness of a 3 day journey with women? A space that allows you to heal at a cellular level in a way that really can't be thought about, but rather felt.

The Gift is a place of validation, transformation and renewal. The unconditional love and non judgement felt here provides a safe place to explore yourself in a way you never thought possible.

*"When I found the Gift I was very learned and successful in all the ways that I meant to be. But for one almost unaware problem: I had an inner void that I could not find a way to fill. In that, I felt resigned and at a loss. I had NO idea that the me that I am today was possible. I found my way back to me MINUS all those betterments and practices, teachings and mental constructs. I am free. and joyous. And I love simply being ME. This is an incredibly powerful embodiment of transformation. What I like to call Grace and Miracles"- Teri*
