# The Gift

A Woman's Rite to HerSelf

How amazing would it be to sit in the safety and sacredness of a 3 day journey with women?  
A space that allows you to heal at a cellular level in a way that really  
can't be thought about, but rather felt.

The Gift is a place of validation, transformation and renewal.  
The unconditional love and non-judgment felt here provides a safe place  
to explore yourself in a way you never thought possible.

*The Gift was one of the most profound and heart nourishing experiences that I have ever had. The connecting with new sisters, and the revolution that I felt within my own heart made the experience in valuable to me. I faced parts of myself that I never imagined I ever could, and while I am still finding myself processing so much of it, I feel a sense of freedom that I have only previously dreamed of having. And perhaps one of the most profound parts for me, is that, I can feel, for the first time in my life, that I am never truly alone, when I have a community of incredible, inspirational and heart connected women with me all the time. I am grateful. So grateful. - Lulu*
